

EXPERIENCE THE FUTURE NOW. A SLEEK, MODERN CONCEPT WITH EVERYTHING YOU NEED.

Its striking, fresh appearance offers a unique blend of form and functionality. It's our vision of a streamlined, self-service touchpoint in a connected commerce world – where consumers demand secure, convenient, reliable and simple access to their banking and retail experiences. The unprecedented Essence concept, designed by Diebold Nixdorf's award-winning innovators, transforms everyday transactions into modern encounters.

EXTREME DURABILITY & PROCESSING

- **Seamless profile** – a modern appearance that feels surprisingly familiar.
- **High-quality touch display** – re-designed from the ground up to create a consumer-driven experience.
- **Innovative glass technology** – brilliant transparency, scratch-resistant, easy-to-clean surface.
- **Customizable colors and design** – available for glass bezel backing to support your brand and build customer loyalty.

FUNCTIONALITY FOR THE FUTURE

- **Card access** – includes both EMV chip card reader and NFC for authentication.
- **Encrypted touch screen** – adds increased layer of security and convenience.
- **Large capacity recycler/dispenser** – lowers cash replenishment costs. Alternate configurations may be available.
- **Electronic receipt, standard** – Small, thermal POS style printer, available as an add-on.

THE POSSIBILITIES ARE LIMITLESS

- **Compact design** – to meet the needs of busy environments without consuming valuable square footage.
- **Ideal for banking and retail environments** – has the potential to accept bulk notes, dispense bulk notes and easily process personal checks.

Essence is available in a variety of custom colors.
